FS103: Designed for women, Amblers Safety FS103 is a lace up Goodyear welted safety boot ideal for a range of industrial applications. Crafted with a heavy duty soft tan full grain nubuck leather upper. Donned with six industrial strength hexagonal metal eyelets and a full ankle high lace up front. The inner is lined with a tartan comfort lining, with padded tongue and removable footbed support. Complete with a 200J protective impact and compression resistant steel toe cap. Underfoot penetration protection is provided via a steel midsole. Hardwearing and slip-resistant

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
