

Milwaukee Power Tools (MILDD2160XE)

DD 2-160XE Diamond Drill 162mm Capacity Dry 1500W 240V

The Milwaukee DD 2-160XE Diamond Drill has a powerful robust motor that delivers constant high torque. It has dual protection from interlinked mechanical and electronic clutches to protect both the user and tool. The drill has a tough construction with a metal, 2-speed gearbox for long life and durability. The long AVS side handle and 'D- shaped' back handle provide safe handling. The soft hammer action allows the core bit to cut faster and more easily, and a soft start via an accelerator switch allows precise and controlled drilling. Supplied in a kitbox. Specification Chuck: M18 x 2.5mm. Input Power: 1,500 Watt. No Load Speed: 0-1,500/0-3,000/min. Drilling Torque : 50Nm. Capacity (Brick / Masonry): 162mm Max Weight: 4.2kg. Milwaukee DD 2-160XE Diamond Drill 162mm Capacity Dry 1500 Watt 240 Volt Version.
