

Milwaukee Power Tools (MILM12BPP4A2)

M12 BPP4A-202C 4 Piece Kit 12V 2 x 2.0Ah Li-ion

Milwaukee M12 BPP4A-202C 4 Piece Kit, contains the following: 1 x 12V M12 BDD Sub-Compact Drill Driver is a high performance sub-compact drill driver that measures only 187mm in length making it ideal for working within confined spaces. The optimised handle provides better control and improved grip. Chuck 10mm. No Load Speed: 0-400/0-1,500/min. Max Torque: 30Nm. Capacity: Wood: 22mm, Steel: 10mm, Masonry: 10mm. Weight: 1.2kg. 1 x 12V M12 BID Sub-Compact Impact Driver is a high performance sub-compact impact driver, that measures 165mm in length making it ideal for working within confined spaces. Has a heavy-duty full metal gearbox and gears for superior durability and maximum torque. Bit Holder: 1/4in Hex. No Load Speed: 0-2,500/min. Impacts Per Min: 0-3,300/min. Max Torque : 112Nm. 1 x 12V C12 HZ Hackzall Saw measures only 280mm, making it ideal for working within confined spaces. With patented FIXTEC clamp for fast and easy keyless blade change, and a built-in LED light for work surface illumination. REDLINK overload protection electronics feature in both tool and battery pack for excellent durability. Strokes at No Load: 0-3,000/min. Stroke length: 13mm. Weight: 1.2kg. 1 x 12V C12 T Lamp has a 90 rotating head to aim the light at the work space. Its aluminium head is impact and weather resistant for excellent durability, and a magnetic back allows hands-free use. Voltage: 12V. Run time: up to 4 hours per charge. 1 x 12V C12 Li-ion Charger has temperature protection electronics to optimise the charger rate in extreme temperatures to extend battery life. Its encapsulated circuit board protects the electronics from dust, moisture and impact. The charger features progressive charge indication: battery LED 's light up incrementally to give feedback on current charge level of battery pack.

Voltage 12V
Type 4 Piece
