

Stanley Tools (STA173607)

FatMax® Multi Access Bag 43cm (17in)

The Stanley FatMax Multi Access Bag features dual side opening storage space, with two separate main wide opening compartments providing a large storage space for hand tools/power tools. It has a free-standing rigid structure with a reinforced plastic base to protect from water and dirt. There are multiple pockets for easy and convenient organisation of tools. Other features include a closed secure front pocket, padded shoulder strap and multiple internal and external pockets and loops.
