SAFETY INFORMATION

Important: Please read and comply with all of the instructions and warnings provided in this manual before start using the product. Failure to comply with the instructions and warnings provided in this manual may result in inaccurate results and/or damage to the product itself, and invalidates your warranty.

- DO NOT immerse air purifier in water or liquids. Doing so may result in damage to the appliance, electric shock, or fire.
- DO NOT use this air purifier in wet or humid environments.
- DO NOT use this air purifier outdoor. This product is designed for indoor use only.
- DO NOT clean or spray this product with water, liquids, detergents or any flammable substances while it's running.
- DO NOT block the inlet and outlet when the system is running
- DO NOT use power extension cables.
- DO NOT use this product if it is damaged.
- DO NOT attempt to dismantle, repair, or refit equipment.
- Please turn off and unplug the system if you are not using it.
- DO NOT use this product in the environment where the temperature changes greatly.
- If the product emits abnormal sound, burning gas, or smoke, please turn off and remove the power plug immediately, and contact the technical support center.
- If the plug does not fit the socket, please contact a qualified person to install the appropriate power socket.
- DO NOT change the plug or use the adapter plug at will.
- DO NOT route cord under furniture or appliances. Place the power cord away from high traffic areas.
- DO NOT sit on or place anything on top of the purifier.
- DO NOT insert fingers or objects into the air outlet.
- Child supervision is required while the air purifier is on.
- DO NOT allow children to play on or near the air purifier.
- DO NOT place the air purifier near sources of heat, such as stove tops, ovens, radiators or computers.
- DO NOT place open flames, including candles, directly in front of the air purifier.
- DO NOT remove the front cover while the air purifier is on.

GETTING STARTED

1. Read the instructions carefully and keep them for future references.
2. Remove all packaging and clean all removable parts with soft dry cloth.
3. Place the product on a leveled and dry surface. Make sure it is at least 10 inches away from any objects

OPERATIONAL INSTRUCTIONS

Connect the product to the power outlet.

1. **On/off button:** to start and turn off the purifier
System runs on medium speed by default every time it starts. To Turn off the system, gently press on the on/off button again.
2. **Timer:**
allows you to pre-set the time you want the system to run, changing between 1H to 8H
3. **Mode:** allows to select on which set up you want your system to run
Sleep: quiet mode
Auto: select the recommended pre-setting for your area
Manual: Gives you the option to choose the setting you prefer
4. **Fan Speed:**
Allows you to select desirable speed. It's recommended to leave the fan on medium speed, unless you are running the system on quiet mode, then the speed should be on low. When the pollution is high, it's better to run the fan on high mode
5. **Negative ion switch,** controls Ultraviolet lights.
There will be a silent "Zzz" noise when using the negative ion mode. This shows that the negative ion generator is working and releasing a large number of negative ions.

CLEANING AND MAINTENANCE

1. Always turn off and unplug the system before you clean any of its components and before changing the filters
2. Clean the air vents: Use a soft brush or a cloth to remove dust or any particles from the inlet/outlet of the system.
3. It is recommended to change the air filters every 6–8 months. However, you may need to change your filters sooner or later depending on how often you use your air purifier. It is important to watch out for the following signs of expired filters:
 - Increased operating noise
 - Decreased airflow
 - Clogged filters
 - Increased presence of odors

For air purifier replacements, please visit: www.airpluspurifier.com and look for AP-RM-A model.

TROUBLESHOOTING

| Problem | Solution |
|---|---|
| Air purifier does not power on. | Please check whether the product power is plugged in and turned. If not, plug it in, and turn it on using the touch screen or the remote control. |
| Air purifier is plugged in but does not power on. | Try plugging the air purifier into a different outlet. |
| There is no air flowing out of the outlet | Please check whether the product is powered on. |
| Poor air purification quality | The air quality inside the room might be too low. In this case, run the air purifier for a longer time. If you continue to have problem with the quality, it could be time to replace the filter. |
| Products make abnormal sounds | Be sure to remove all packing materials from the filter screen. Please ensure that the air intake an outlet or not blocked or blocked by articles, and remove any blockage. If abnormal operation continues, turn off the air purifier, unplug it, and contact customer service center. |

WARRANTY INFORMATION

Default warranty period is 1 year.

Terms & Policy

Emonyx, LLC warrants all products to be of the highest quality in material, craftsmanship, and service, effective starting from the date of purchase.

Emonyx, LLC will replace any product found to be defective due to manufacturer flaws based on eligibility. Refunds are available within the first 30 days of purchase. Refunds are only available to the original purchaser of the product. This warranty extends only to personal use and does not extend to any product that has been used for commercial, rental, or any other use in which the product is not intended for. There are no warranties other than the warranties expressly set forth with each product.

This warranty is non-transferrable. Emonyx, LLC is not responsible in any way for any damages, losses or inconveniences caused by equipment failure or by user negligence, abuse, or use noncompliant with the user manual or any additional safety, use, or warnings included in the product packaging and manual.

This warranty does not apply to the following:

- Damage due to abuse, accident, alteration, misuse, tampering or vandalism.
- Improper or inadequate maintenance.
- Damage in return transit.
- Unsupervised use by children under 18 years of age.

Emonyx, LLC and its subsidiaries assume no liability for damage caused by the use of the product other than for its intended use or as instructed in the user manual. Some states do not allow this exclusion or limitation of incidental or consequential losses so the foregoing disclaimer may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

ALL EXPRESSED AND IMPLIED WARRANTIES, INCLUDING THE WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.

Defective Products & Returns

Should your product prove defective within the specified warranty period, please contact Customer Support via support@bluonics.com with your invoice and order number. Once our Customer Support team has approved your request, please return the unit with a copy of your invoice and order number.
