Mater is now launching a new upholstered version of the Mater Shell Bar Stool designed by the American designer Michael W. Dreeben. The silhouette of the Shell Bar Stool is elegant and features long lines in solid oak wood and a soft leather swivel-seat in rich and genuine tones and with clean hand tailored stitches.

Together with the most recognized leather supplier in Denmark, Sorensen Leather, Mater has selected the most durable leathers that fit with Mater's values and aesthetic. The Sorensen ULTRA leather chosen for the Shell Bar Stool further enhance the 'everyday use' and making it ideal for both commercial and residential use.

A layer of foam on the FSC certified veneer shell is making the seating of the chair a more comfortable and soft experience. The leather upholstery is available in three colour variations of Sorensen ULTRA; cognac, black and brandy. ULTRA is durable, easy to maintain and resists stains. The frame is crafted in solid FSC certified oak with a sirka grey lacquer stain.

About the Designer

After completing an MFA in sculpture at the University of Chicago, American designer Michael W. Dreeben apprenticeships with master woodworkers. His work reflects sculptural sensibility, thoughtful engagement with material, and wide ranging design and production experience.

About Mater

Mater was established in 2006 in Denmark by Henrik Marstrand, who had a vision to create iconic and beautiful design, based on an ethical business strategy. Through collaborations with an external network of established and fresh talent, Mater combines high-end furniture and lighting, constructed with methods that support people, local craft traditions and the environment.
