

ALU BOWL TABLE

The Mater Alu Bowl Table is an interpretation of the successful Bowl Table crafted in sustainably harvested mango wood. The aluminium is partly recycled and is casted by hand in a small Indian workshop supporting their local craftsmanship. The Alu Bowl Table can stand alone or be paired with the wooden Bowl Tables as a side table vignette. A part of the aluminium is derived from aluminium waste and is sand casted by hand in a small Indian workshop. The legs are made of milled hollow steel rods and can be detached for ease of labour and transportation.

CARE AND MAINTENANCE OF ALUMINIUM

Regular cleaning is recommended with a slightly damp, soft, lint-free cloth. Wipe dry with a dry, soft cloth.

In case of stains on aluminium; mix 1 tablespoon cream of tartar with one quart of lukewarm water. Apply the mixture on the aluminium with a soft cloth. If necessary scrub gently with a steel wool pad in a back and forth motion. Avoid using a circular motion as this can cause an uneven look. Be cautious not to scrub too hard with the steel wool as this can scratch the aluminium. Finish by applying a little bee wax on the surface to obtain the shine.

ITEM NO.	01621 Polished 01622 Black
DESIGNER	Mater
MATERIAL	Partly recycled aluminium
FINISH	Polished or powder coated
ORIGIN	India

DIM	Ø 46 cm x H 52 cm DIA 18.1" X H 20.4"
WEIGHT	7.5 kg
