

DISC TABLE

The Mater Disc Table is a new family of timeless and versatile side tables with a strong Nordic character. The balance between the minimalistic steel legs and the rounded table top in FSC certified oak, creates a classic and durable design. The table top is treated with a white matte lacquer, and is available in two sizes.

CARE AND MAINTENANCE

In case of any spill clean immediately with a damp cloth. Wipe dry with a dry, soft cloth in the direction of the wood grain. Should not be treated with soap or other cleaning agents as it could cause damaging of the lacquered wood, unless recommended by professional. We always recommend to use coasters under hot objects, such as coffee pots and cups. Protect the product from direct sunlight, excessive heat and sharp objects.
