

## SHELL DINING CHAIR

The Mater Shell Dining Chair is now introduced with a new and softer leather upholstery version of the Mater Shell Chair designed by Michael Dreeben. The collaboration with the most recognised Danish leather supplier, Sorensen Leathers, is bringing a new softness and tactility to the Mater collection. Available in two leathers; a chrome-free aniline leather in an anthrazit black and rust colour giving the material a beautiful and patinated look over time, and a cognac, black or brandy coloured pigmented leather that is durable, easy to maintain and resists stains.

A layer of foam is making the seating of the chair a more comfortable and soft experience.

The frame is crafted in solid FSC certified oak with a choice of three different water-based stains; soaped, sirka grey and a black stain.

Fabrics/leathers and COM available for contract market upon request. Minimum purchase of 12 pcs.
