

Modern Mahjong sharing Saturday Strategy for the 2023 Card

Teachers agree knowing the NMJL Card is the most important strategy. One way to learn the annual card is to recognize which hands have certain exposures.

On the 2023 NMJL Card, which hands have:

- two Dragon Pungs
- two Dragon Kongs
- a Kong of Flowers,
- like Pungs,
- like Kongs,
- like Pungs and Kongs, and
- like Pairs?

The strategy tip that all teachers agree on is players should study the card.

You don't need to memorize it. However, you should be familiar with the hands.

This helps in knowing what to keep and pass during the Charleston, picking a hand, recognizing competitor's hands and knowing what tiles are not safe to throw.
