GEJST

ISMO

By Sami Kallio

Instruction

Content of the box

x 1 x 1 x 1 x 1 x 1

x 17 x 8 x 8 x 8 x 4 x 1 x 1
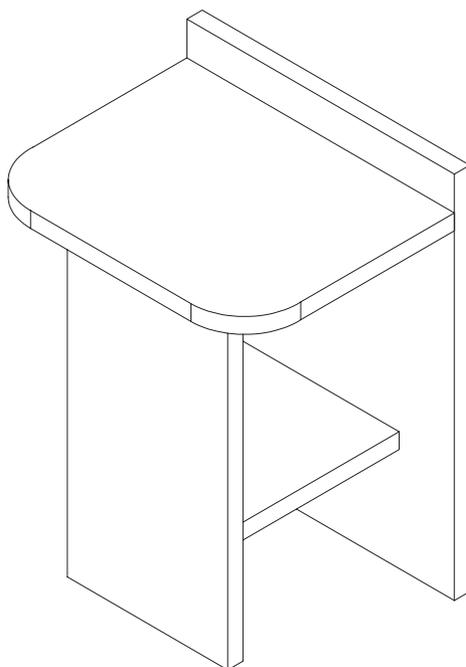

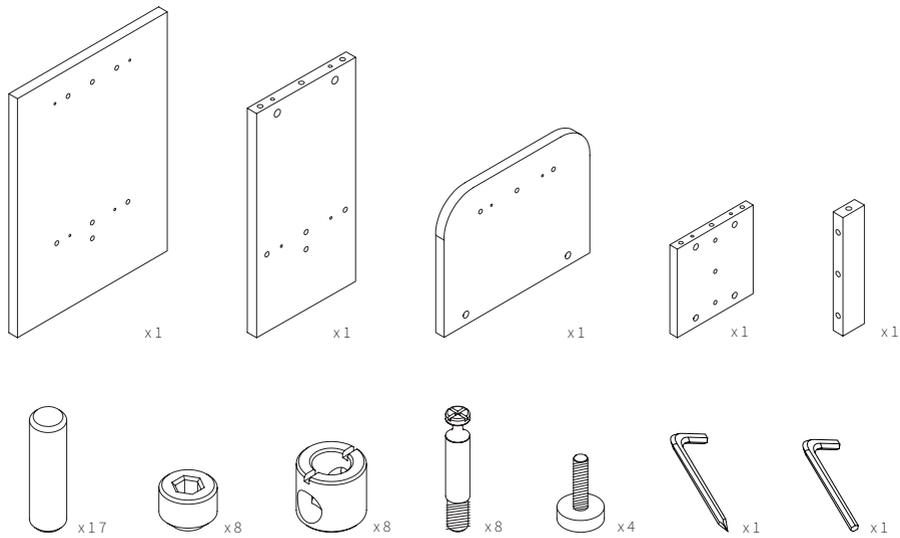

① Start by attaching the
dowels, house, bolts and
feet to the front panel

When inserting in the housing,
make sure the holes are alined

② Insert the housings and dowels
in the bottom of the shelf and
connect the beam

③ Place the shelf on the
front panel and tighten the screws

④ Insert dowels, housings and bolts
on the table top

⑤ Join the table top and
the front panel and tighten
the screws

⑥ Insert the bolts and the dovels on the
back panel

Attach the feet on the back panel

⑦ Place the table top and shelf
on the back panel and
tighten the rest of the screws.

⑧ ISMO is now assembled. Ajust the
feet if the floor is uneven
