M O M E N T T

Böttcher & Kayser, 2018

Type Wall Clock
Colour White

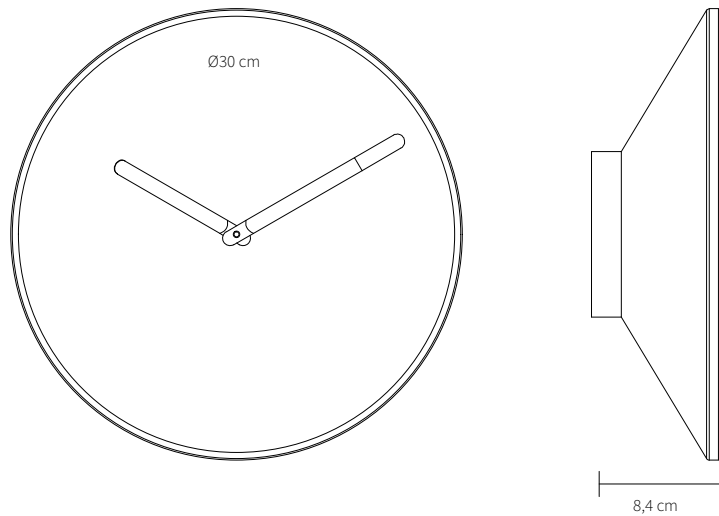

The Momentt wall clock is inspired by the idea of overcoming time limits, experiencing it more than a feeling and displaying it in a poetic way.

Momentt consists of a funnelshaped, matt steel housing with a diffused front acrylic glass. With Momentt, time seems to blur with space and the hands magically disappear into the depth of the center of the clock. Momentt is therefore not just a technical display of time, but rather a poetic object that makes us think about time and yet visualizes the time in a subtle way.

Momentt has been awarded an Archiproducts design award 2020 in the category decor.
