OPPO Find X5 | X5 Pro 5G

4K Ultra Night Video

Powered by MariSilicon X Imaging NPU

OPPO's self-developed imaging NPU is a breakthrough in night videography. Capture videos at night that are bright, rich in detail and awash in captivating colours.

Triple Camera System

Co-developed with **H A S S E L B L A D**

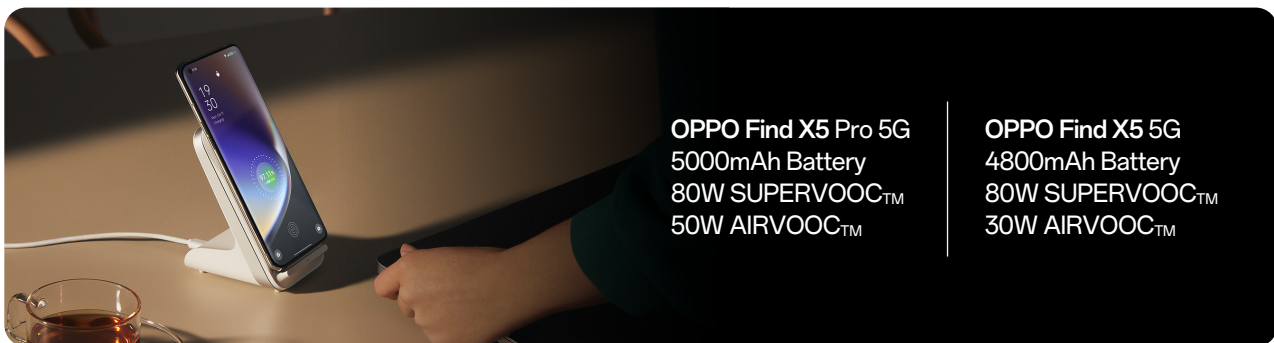

Experience the authentic controls, shutter sound and **XPan mode of Hasselblad**, replicated in Find X5 Pro 5G and Find X5 5G. Hasselblad Natural Colour Calibration provides **rich, vivid and accurate colours**. With the UI and authentic shutter sound, the unique experience of Hasselblad is in the palm of your hand. Capture **cinematic panoramas** and

vintage-style photos that mimic the legendary XPan mode. Experience the **golden age of photography** embraced by the future. **SLR-level technology**, 5-Axis Optical Image Stabilisation with 3-axis sensor-shift and 2-axis lens-shift OIS offers up to 3° anti-shake, enabling you to **shoot perfect shots** on the move.

80W SUPERVOOC™ + AIRVOOC™ Ready

The large, 5000mAh dual-cell battery reflects a capacity increase of more than 11 percent over Find X3 Pro, so you can relax knowing **your phone will be ready to go when you need it**. With the support of enhanced 80W SUPERVOOC™ Flash-charging technology, Find X5 Pro 5G can be **charged from close to empty to 50 percent in just 12 minutes**, and with 50W AIRVOOC™, it powers up to 100 percent wirelessly in just 47 minutes.

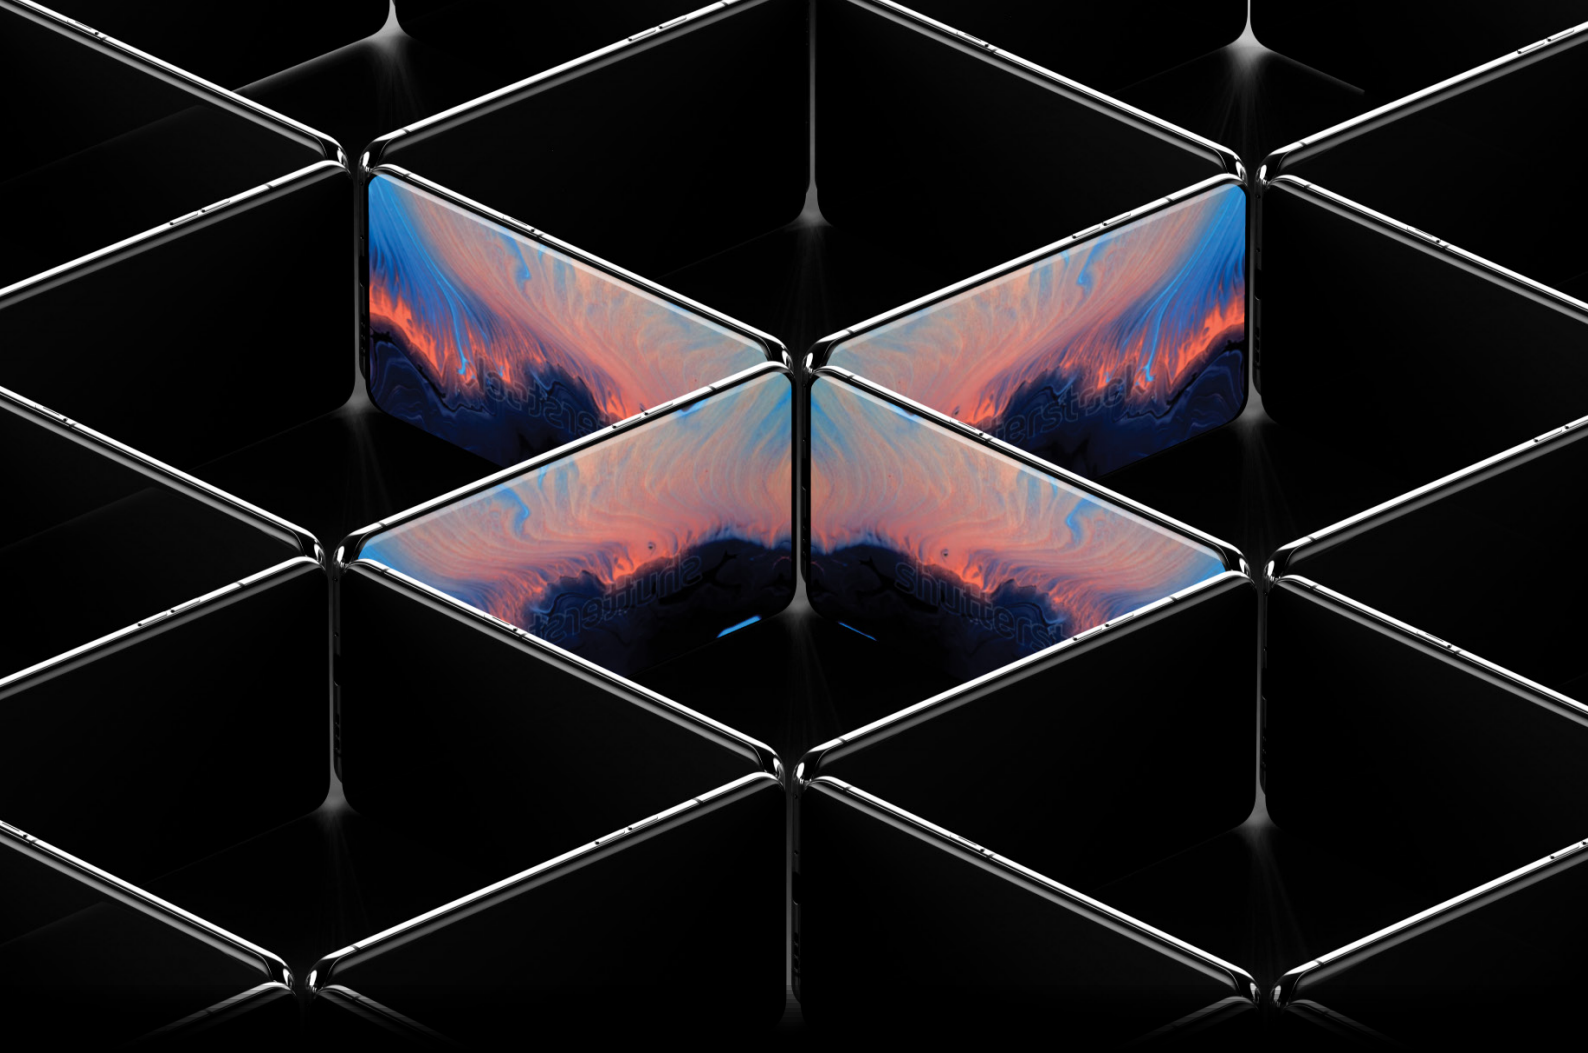

OPPO Find X5 Pro 5G

**6.7" QHD+ Dynamic 120Hz
1 Billion Colour Display**

Find X5 Pro 5G's display is just as impressive, featuring a 6.7-inch ultra-clear curved AMOLED screen. With a WQHD+ resolution, and 100% P3 colour gamut coverage, Find X5 Pro 5G's 10-bit screen displays more than 1 billion colours, creating smooth tonal and colour gradations, displaying the full depth and range of even the most subtle shifts in colour.

OPPO Find X5 5G

**6.5" FHD+ 120Hz
1 Billion Colour Bionic Display**

Find X5 5G includes a 6.5" 120Hz billion-colour display, provide vivid colours with natural transition. Brightness and colour temperature are adaptive to the environment and provide comfortable eye protection.

OPPO Find X5 Lite 5G

64MP AI Triple Camera with Bokeh Flare Portrait Video

OPPO exclusive Live HDR and Ultra Night Video algorithms ensure all your moments, big or small, will be in **bright, vivid detail**. Bokeh Flare Portrait mode provides a **blurry backdrop that draws attention to the subject**, make videos look **dreamy and eye-catching**, very similar with that taken by DSLR with large aperture.

HyperBoost Powered Gaming

After running a graphically demanding game for a few hours, a phone's CPU/GPU resources will usually be fully occupied. To prevent overheating, the system will often decrease the clock rate and frame rate. This, however, leads to lags or freezing during gaming, compromising the user experience.

To address this issue, OPPO developed the **AI Frame Rate Stabilisation technology**, which prevents sudden frame rate drops when you are playing a GPU intensive game. Open frequently-played games without waiting for a long resource loading process, reducing the waiting time.

OPPO Find X5 5G

Co-developed with **HASSELBLAD**

Colour	White, Black
Front Camera	32MP (f/2.4)
Rear Camera	50MP Wide-Angle Camera (f/1.8) 50MP Ultra-Wide-Angle Camera (f/2.2) 13MP Telephoto Camera (f/2.4)
CPU	Qualcomm® Snapdragon® 888
Battery Capacity	4680mAh/4800mAh (Min/Typ) 80W SUPERVOOC™ 30W AIRVOOC™
Screen	6.5" AMOLED 120Hz Billion Colour Bionic Display
Resolution	2400 x 1080 (FHD+)
Memory	8GB RAM + 256GB Storage (Up to 5GB RAM expansion via ColorOS)
SIM Card	Dual Nano SIM
Operating System	ColorOS 12.1, based on Android 12
Size (mm)	160.3 x 72.6 x 8.7
Weight	About 196g
Network	2G, 3G, 4G, 5G
