Please note:

- * Prices are for suspension servicing only. If entire bikes are supplied, there will be additional costs of up to \$50.00 for removal and reinstallation of applicable product. (cleaning and threadlocking pivot bolts, headset adjustment, brake removal/installation and alignment etc)
- * Prices listed are for standard 200hr/1yr services. Some services may require additional parts due to excessive wear. These are not included in listed prices.
- * There are many varying service kits for every nearly every type of fork. Prices include the maximum cost for applicable seal kits.
- * Services are done in house by Burkes Cycles Mechanics unless otherwise arranged.
- * Prices do not include cable replacement.
- * All prices are GST inclusive.
