Installation

- Before the installation, please check to make sure that you have all parts listed on the **Parts List**.
- For easier and quicker assembly as well as your safety, we highly recommend you have at least one partner (adults required) to work with you whenever possible.
- You will not use the two pieces of Adhesive Patches (#6 & #7) during the installation. Please keep them for future use.

Step 1 Unpack the RV Cover (#1) from the Storage Bag (#2) and lay it on a spacious, flat surface near your RV, with its outside face upwards.

Step 2 Identify the front side of the cover, that is, where the QuicTent logo is on.

Step 3 Fold the cover from each side to the middle, then roll from back to front, till it is compact enough for you to take and put it on the roof of your RV easily.

Step 4 With the help of a ladder, lay the rolled RV cover on the roof of your RV. Please make sure the front side of the cover (where the QuicTent logo is on) fits the front of your RV.

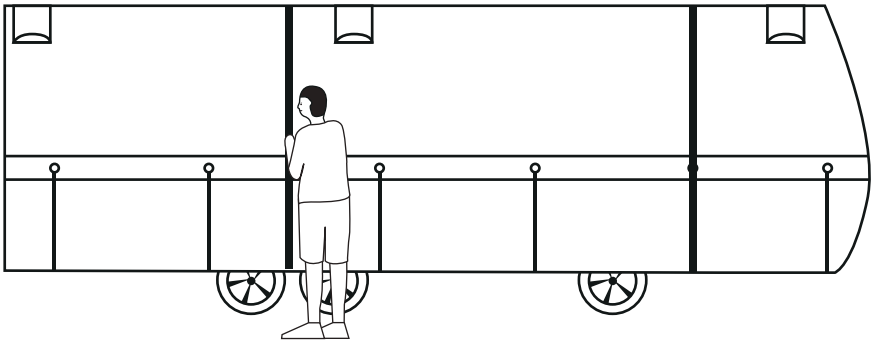

Step 5 Unroll the cover to make it loosely covers the RV.

Step 6 Step down from the ladder, and tidy up the cover to make its sides fully fit the body of your RV.

Step 7 Secure the bottom with the 6 x Fixing Straps (#3). Please note that you should pass the straps through the RV from the bottom, and then fasten the buckles.
Reminder! Do not overtighten the straps, or it may damage the seam because of too strong tension.

Step 8 Secure the whole cover with the 2 x Windproof Straps (#4). That is, to fasten the straps after using each to circle the body of your RV from the top to the bottom.

Step 9 Put on the 4 x Tire Covers (#5) if required.

Maintenance

To help you maintain your RV cover in optimal condition, please refer to our suggestions below.

- Do **not** store the cover when it's wet.
- Do **not** use soap, bleach, or fabric softener to clean the cover. Spot clean with water and a sponge whenever required.
- Do **not** iron the cover, let the air dry it out.
- Pad all sharp corners and edges that may puncture or snag the cover before you remove it or pull it into place.

Warranty

The **24-month** limited warranty covering the materials and the craftsmanship under normal use and service conditions takes effect from the purchase date (on the invoice). Please note that the order purchase proof (order number or shipping information on the shipping carton) is the only valid evidence to claim for warranty.

Reminders

1. In the event that you failed to access your order information online, we strongly advise you to keep the original packaging and shipping carton(s) because they are treated as a proof of purchase.
2. To get what you need as soon as possible, we strongly suggest you provide all of the following information at your first inquiry.
 - Order number
 - Required parts (name, quantity, and part number for each)
 - Pictures (or video clips, if applicable)

Warning

- Restructuring the product without written permission from Quicent in advance would **VOID** the warranty.
- Damages due to improper use in severe weather conditions, including but not limited to high winds, heavy rain, sleet, snow, etc., will **NOT** be covered by the warranty.
