About Quiccent

Founded in the early 21st century, Quiccent has grown into a popular brand with reliable products and excellent customer services during the past decades. We started with pop up canopies, and then expanded to other 6 categories for shelters and the like including party tents, carports, greenhouses, shade sails, patio umbrellas and grow tents. Driven by the vision to create unique spaces to meet every specific need and become a part of America's landscape, we at Quiccent would spare no effort to keep innovating.

Our Vision

Creating unique spaces to meet every specific need, and become a part of America's landscape.

Our Mission

To keep innovating and provide a wide range of reliable shelters and shades at consumer-grade prices with customer-first service.

Our Service

The customer-centric services are what we at Quiccent take great pride in. In addition to the hassle-free warranty covering all Quiccent products, an industrial-leading support team is standing behind at all times. Whenever you need help or have any suggestions and comments about our products or services, do not hesitate to contact the Quiccent support team. We'll get back as soon as possible and you're sure to get a to-the-point reply in 12 hours (business days).

Maintenance

Generally, you do not need to pay special attention to maintaining your Quicent garden beds – they can last for years except for man-made damages on purpose or uncontrollable natural disasters.

However, for the models coming with a greenhouse, to keep it in optimal condition, please refer to our suggestions below:

- Please get the structure sheltered whenever in use. For example, set it up near a wall, a fence, etc.
- Please secure the cover at all times by tying all the ropes inside and fixing the extended part with extra weights (soil, bricks, stones, sandbags, etc.)
- If it's hot, especially in summer, please open the windows of the greenhouse, or use the garden bed only without the greenhouse.
- If you use the structure in winter, please clean up snow in time, or it would collapse due to overloading.
- Please understand that the local weather influences the performance. You could apply other equipment if higher temperatures are required.

Warranty

The limited warranty covering the materials and the craftsmanship under normal use and service conditions takes effect from the purchase date (on the invoice). We provide:

- 5-year warranty for the **Garden Bed**.
- 1-year warranty for the **Greenhouse**.

REMINDER

1. Please note that the order purchase proof (order number or shipping information on the shipping carton) is the only valid evidence to claim for warranty. In the event that you failed to access your order information online, we strongly advise you to keep the original packaging and shipping carton(s).
2. To get what you need as soon as possible, we strongly suggest you provide all of the following information **at your first inquiry**:
 - Order number
 - Part number
 - Quantity required for each part
 - Pictures (or video clips, if applicable)

WARNING

- Restructuring the product without written permission from Quiccent in advance would **VOID** the warranty.
- Damages due to improper use in severe weather conditions, including but not limited to high winds, heavy rain, sleet, snow, etc., will NOT be covered by the warranty.
