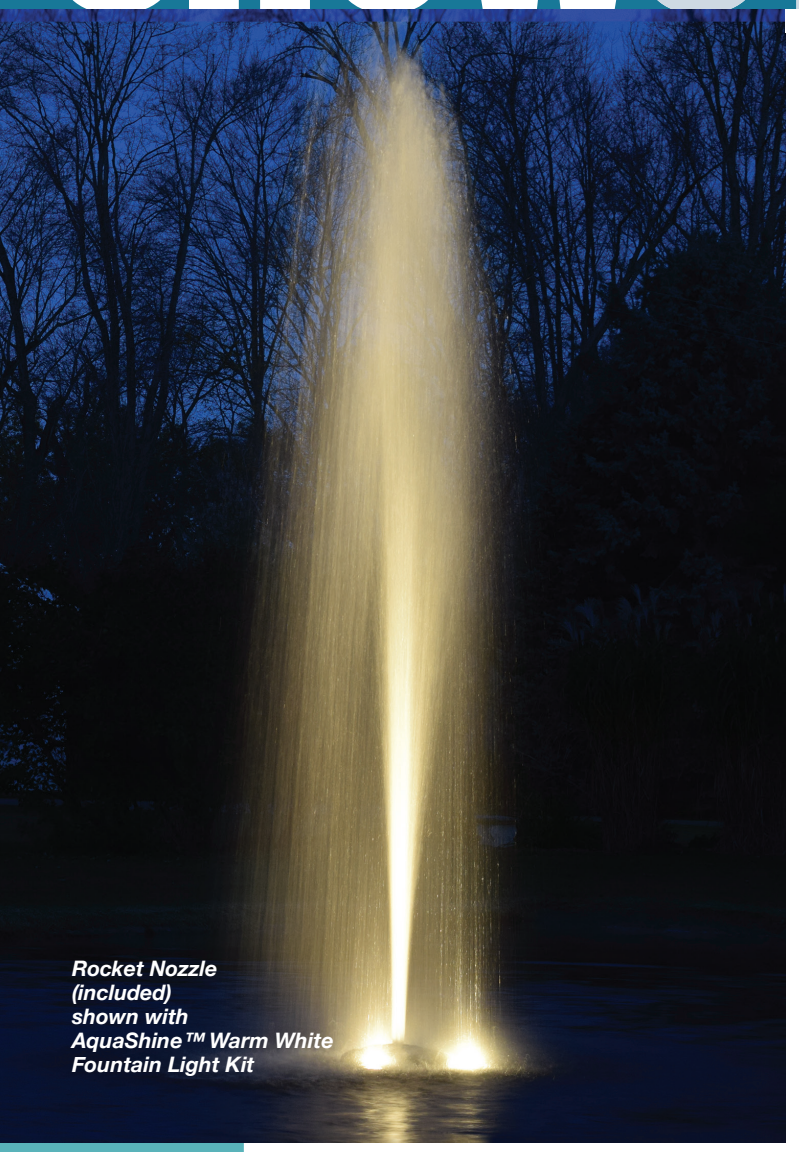
SHOWSTOPPER!



Rocket Nozzle (included) shown with AquaShine™ Warm White Fountain Light Kit

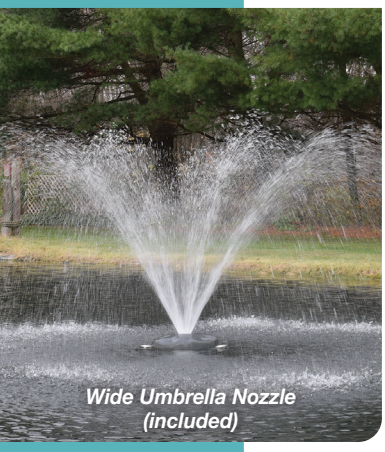
AquaFountain™

Best value on the market!

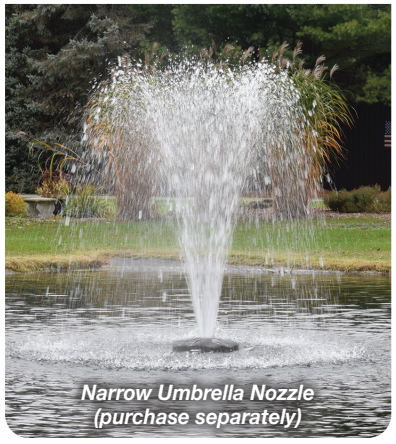
For over 30 years, AquaFountains have proven themselves to be reliable, affordable and attractive!

- Long lasting, energy efficient motor designed for continuous duty operation, with built in thermal and over current protection
- Floats are made from high density foam and protected by a decorative float cover
- Aluminum intake screens prevent leaves, algae, sticks, etc. from plugging pump
- 30" minimum operating depth
- 115v units come with timer and GFI;

  230v units include timer only. *Purchase GFI locally*
- Pre-assembled and ready to install



Wide Umbrella Nozzle (included)



Narrow Umbrella Nozzle (purchase separately)

GFI with timer included on all 115v models

230v units now include timer only panel, without GFI
