

## Kitty Dress

All measurements are in centimetres (cm).

The fabric used in the garment has elastane for stretch. The measurements provided below include/allow for some stretch across the bust, but not for any other measurement, including biceps. Bicep measurements were taken as 'flat lay' measurements and therefore will fit biceps slightly larger than the measurements given below. The dress will be fitted on your bust and arms, but is designed to flow over the rest of your body and not be tight. The waist and hip measurements below allow for room so the dress will not be tight/fitted in those areas.
