## SERIES ROAST LIST

Our coffees are seasonally sourced and delicately roasted to showcase the hard work and dedication of our producing partners. It's a product of passion and consistency passed down from several generations.

We want to honor that work by interfering as little as possible, roasting carefully to bring out a diversity of flavors, aromatics, and acidities. By doing so, we let each coffee tell its own story.

As part of our social responsibility, we pay our producers a fair or even better price for the high-quality coffee they produce. We understand that specialty coffee production won't be possible without our producers also being able to meet their own needs.
