24/7 customer care
Hello there!

Meet your brand new MinusA2®!
We hope that this stylish bundle of cleanliness is just what you've been looking for. Be sure to get familiar with this newest addition to your home, by exploring all of its features in the enclosed booklet and on our website. If you have any questions just give us a call, anytime. We love to hear from you!

General Safety Information
About Your MinusA2 Air Purifier

Caution: When using electrical appliances, observe the following basic precautions to reduce the risk of fire, electric shock, and injury:

• Please read all tips and warnings before using your Rabbit Air® purifier.

• Use only as directed by the Owner’s Manual.

• Please observe extreme caution when using the air purifier in close proximity to children.

• Rabbit Air purifiers are for indoor use only.

• The Rabbit Air purifier is not intended for use in bathrooms, laundry areas, or other damp indoor environments. Keep the Rabbit Air purifier away from water at all times.

• Do not use the Rabbit Air purifier near fireplaces or in areas where flammable or combustible products or vapors may be present.

• This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

• This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

• Children should be supervised to ensure they do not play with the appliance.

• This product complies with the maximum allowable concentration of ozone of 0.050 parts per million by volume (ppmv) in a 24-hour period. The Health Canada Guideline 2010 recommends that the Maximum exposure limit, based on an averaging time of 8 hours, is 0.020 ppmv or less when tested in a Sealed, controlled room approximately 30 m³.

A childproof feature pauses air purifier operation when the front panel is removed.
Operation Guidelines

• Do not block the air intake or air outlet.
• Do not use the Rabbit Air purifier on or around hot surfaces.
• Do not use the Rabbit Air purifier in a room where it may come into contact with steam.
• Do not operate the Rabbit Air purifier on its side.
• Do not install the Rabbit Air purifier in greasy or damp environments.
• Do not use detergent or soap to clean the Rabbit Air purifier.
• Do not operate the Rabbit Air purifier without filters.
• Do not wash and reuse the filters except for the washable Pre-Filter.
• When transporting the Rabbit Air purifier, always hold the handle on the back of the unit.

Remote Control Tips

• Inverter lighting equipment or electronic light fixtures may interfere with remote control signals.
• Avoid storing the remote control in direct sunlight. Heat may interfere with remote control signals.

The Energy Star label and disclaimer:

The energy efficiency of this ENERGY STAR qualified model is measured based on a ratio between the model’s CADR for dust and the electrical energy it consumes, or CADR/Watt.

Control Panel

Mode and Filter Reset
This is a dual control button. When pressed briefly, you can change the mode of operation between Auto Mode and Pollen Mode. When pressed and held, the Replace Filters Indicator will be reset.

Mood Light and Negative Ion Generator
This dual control button, when pressed briefly, will turn the Mood Light on or off. When pressed and held, the Negative Ion Generator will turn on or off.

Indicator Lights

Power
Press and hold the power button for two seconds to turn the unit on or off.

Speed
There are five speeds. Operation speed changes in the following order as you press the speed button. Silent > Low > Medium > High > Turbo

Fan Speed Indicator
- Turbo
- High
- Medium
- Low
- Silent

Auto Mode Indicator
When Auto Mode is selected, the fan speed of the air purifier changes automatically depending on the readings of the air quality sensors and light sensor. The Mood Light is solid blue when the unit is in Auto Mode.

Pollen Mode Indicator
When Pollen Mode is selected, the fan speed of the air purifier changes automatically depending on the readings of the air quality sensors. The Mood Light shifts color in the following pattern: blue > purple > light purple > pink.

Filter Replacement Indicator
- Replace Filters
When this indicator lights up, it is time to replace your filters. Once the filters are replaced, press and hold the Mode/Filter Reset button to reset the Replace Filters Indicator.

Air Quality Indicator
This light indicates the current air quality in the room. The color will shift from blue > purple > light purple > red, depending on the amount of contaminants. Blue represents good air quality, while red represents poor air quality.

Mood Light
The Mood Light has four colors: blue, purple, light purple and pink.

Ion Indicator
This indicates that the Negative Ion Generator is operating.

Sleep Lighting Indicator
This indicates that the unit is operating in Sleep Lighting.
Meet the Filters

Let’s Begin - Initial Set Up

The MinusA2 Air Purifier is designed for residential use only. To maintain the quality of the filters, they are packaged in plastic. Please remove the filters from the plastic wrapping before using the unit.

Your customized filter will be packaged in plastic outside of the unit. Set the filter aside for later installation (step 6).

1. Remove the front panel by lifting from the bottom and pulling up.
2. Remove the filter case by grasping the handles on both sides and pulling forward. Lay the filter case on a flat surface.
3. Pull the tabs on the front of the Pre-Filter to remove it.
4. Remove the white Medium Filter from the black frame to discard the plastic wrapping. Return the filter to its frame.
5. Remove HEPA Filter and discard plastic wrapping.
Finishing up!

6. Remove the empty Customized Filter frame from the case. Locate the Customized Filter set aside from earlier and remove it from its plastic wrapping. Insert the filter into its frame. Make sure the front of the filter is facing up. See Customized Filter chart, below, to identify the front of your filter.

Know your Customized Filter!

<table>
<thead>
<tr>
<th>Front Color</th>
<th>Back Color</th>

<td>Front color: Purple &amp; Yellow</td>
</tr>
<tr>
<td>Odor Remover Customized Filter:</td>
<td>Front color: Black (coated material)</td>
</tr>
</tbody>
</table>

7. Pull out the Activated Carbon Filter and discard plastic wrapping.

8. Return the filters to the filter case in the following order from back to front:
   - Activated Carbon Filter,
   - Customized Filter,
   - BioGS HEPA Filter,
   - Medium Filter,
   - Pre-Filter.
   (See diagram on page 9).

9. Return filter case to the unit. Slide the bottom of the case back into the unit (1), then press the top in (2).

10. Reattach the front panel by latching the top hooks, then securing the bottom of the panel.
Operation Modes

Auto Mode

Plug the unit into a 120V outlet.
Press the power button. The air purifier will start up automatically in Auto Mode.

The Mood Light will be a solid blue.
The color of the Air Quality Indicator changes based on the amount of impurities in the air, and the fan speed adjusts accordingly.

Sleep Lighting will activate if the room is dark for 3 minutes.

Press the Speed button to change the speed manually.
Choose among five speeds, Silent, Low, Medium, High and Turbo.

The Mood Light will be a solid blue.
Sleep Lighting will activate if the room is dark for 3 minutes.

Pollen Mode

Plug the unit into a 120V outlet.
Press the power button to activate the unit.
Briefly press the Mode/Filter Reset button to select Pollen Mode.

In Pollen Mode, the color of the Mood Light will shift: blue > purple > light purple > pink.

The color of the Air Quality Indicator changes based on the amount of impurities in the air, and the fan speed adjusts accordingly.

Sleep Lighting will activate if the room is dark for 3 minutes. While the Mood Light and Air Quality Indicator will switch off, the fan speed of the air purifier will continue to change based on the amount of impurities in the air.

Manual Speed Selection

Plug the unit into a 120V outlet.
Press the power button, the air purifier will start up automatically in Auto Mode.
Press the Speed button to change the speed manually.
Choose among five speeds, Silent, Low, Medium, High and Turbo.

The Mood Light will be a solid blue.
Sleep Lighting will activate if the room is dark for 3 minutes.

Mode Selection (Pollen Mode or Auto Mode)

Plug the unit into a 120V outlet.

After turning on the unit, briefly press the Mode/Filter Reset button to select your desired mode of operation, Pollen or Auto.

When turned off and reactivated, the unit will start up in the same mode of operation it was last in.

Filter Reset

The Replace Filters Indicator will become illuminated when it is time to change your filters. Once you have replaced the filters, press and hold the Mode/Filter Reset button for three seconds, or until the Replace Filters Indicator clears itself.

Sleep Lighting with Light Sensor

While the MinusA2 is operating, the Light Sensor will detect the brightness of the room. If the room is dark, the MinusA2 will automatically switch to Sleep Lighting after three minutes and the Sleep Lighting indicator will become illuminated.

When the unit is in Sleep Lighting, the Mood Light and Air Quality Indicator will automatically turn off.

If the unit is operating in Auto Mode, the fan speed of the air purifier will automatically change to silent, minimizing energy consumption and noise. Sleep Lighting will not override the fan speed if the MinusA2 is operating in one of its manual speeds or Pollen Mode.
Changing the Sensitivity Level of the Sensors

You can adjust the sensitivity level of the air quality sensors. The sensors come preset at a standard sensitivity level as a default.

Press and hold both the Speed and Mode button for three seconds.

The Air Quality Indicator and Auto Mode Indicator will blink.

Press the Speed button to choose the sensitivity level.

Replace Filters: Low sensitivity
Pollen Mode: Standard sensitivity
Auto Mode: High sensitivity

Press and hold the Speed and Mode buttons for three seconds to save the sensitivity level. If no action is taken for ten seconds, the sensitivity level you last selected is saved automatically.

Mood Light Operation

Mood Light not only changes colors, but it also indicates the current operation mode.

Mood Light Button

The Mood Light turns on automatically when the air purifier is turned on. Briefly press the Mood Light button to turn the Mood Light on and off, or use the remote.

The color of the Mood Light corresponds to the current mode of operation.
Auto Mode: Blue
Pollen Mode: The color of the Mood Light will shift: blue > purple > light purple > pink.

Negative Ion Generator

Press and hold the Mood Light & Ion on/off button for three seconds. The Negative Ion Generator will switch on or off. The Ion Indicator Light will become illuminated when the generator is on.
Cleaning and Maintenance

Always unplug the unit before cleaning.

Cleaning the Particle Sensor

Clean particle sensor every three to six months.
Clean the air inlet and outlet using a vacuum cleaner or soft brush.

1. Open the particle sensor cover on the right side of the unit (when facing the unit).
2. Use a damp cotton swab to clean and dry the lens, dust inlet and dust outlet.

Cleaning the Air Intake and Outlet

1. Clean the air intake and outlet with a soft brush.

Caution: Be careful not to drop the brush into the unit.

Cleaning the Front Panel

1. Remove the front panel from the unit and use a dry cloth or soft brush to dust it off.

Use a damp cloth to remove stubborn stains and dirty buildup if necessary. Avoid commercial cleaning products.

Cleaning the Mood Light Lens

1. Remove the front panel from the unit and use a dry cloth, soft brush, or cotton swab to dust off the Mood Light lens on the back of the panel.

Use a damp cloth to remove stubborn stains and dirty buildup if necessary. Avoid commercial cleaning products.

Cleaning the Unit Surface

The unit surface should be cleaned depending on the air quality of the room.

1. Use a clean, dry cloth to wipe the external surfaces of the air purifier.

Use a damp cloth to remove stubborn stains and dirty buildup if necessary. Avoid commercial cleaning products which may damage the unit’s surface.

Cleaning the Pre-filter

The Pre-Filter should be cleaned depending on the air quality of the room.

• To clean the Pre-Filter - vacuum method:
  1. Remove the Pre-Filter from the unit.
  2. Run a vacuum cleaner with a nozzle or brush attachment on low power setting along the Pre-Filter to remove visible particles.

If vacuuming does not seem to sufficiently clean your Pre-Filter, please follow the steps below to wash it.

• To clean the Pre-Filter - washing method:
  1. Remove the Pre-Filter from the unit.
  2. Fill the sink with lukewarm water and gently wash the Pre-Filter under the water for 2-3 minutes or until it is completely clean.
  3. Rinse the Pre-Filter with clean tap water.
  4. Use a towel to remove any excess water from the Pre-Filter.
  5. Allow the Pre-Filter to dry for 12-24 hours.
  6. When the Pre-Filter is completely dry, place back into the air purifier.

The Pre-Filter should be cleaned depending on the air quality of the room.

• To clean the Pre-Filter - vacuum method:
  1. Remove front panel from the air purifier.
  2. Run a vacuum cleaner with a nozzle or brush attachment on low power setting along the Pre-Filter to remove visible particles.

If vacuuming does not seem to sufficiently clean your Pre-Filter, please follow the steps below to wash it.

• To clean the Pre-Filter - washing method:
  1. Remove the Pre-Filter from the unit.
  2. Fill the sink with lukewarm water and gently wash the Pre-Filter under the water for 2-3 minutes or until it is completely clean.
  3. Rinse the Pre-Filter with clean tap water.
  4. Use a towel to remove any excess water from the Pre-Filter.
  5. Allow the Pre-Filter to dry for 12-24 hours.
  6. When the Pre-Filter is completely dry, place back into the air purifier.
Replacing the Pre-Filter

Do NOT discard the Pre-Filter. It is designed to be cleaned and reused.

The Pre-Filter does not need to be replaced.
1. Pull the tabs on the front of the Pre-Filter to remove it.
2. Put the Pre-Filter to one side while replacing the other filters.

Replacing the Medium Filter

Do NOT discard the filter frame. Discard the old Medium Filter, do not reuse.
1. Remove the old Medium Filter from the black frame and discard the expired filter.
2. Open new Medium Filter and discard the plastic wrapping.
3. Secure the new filter in the black frame.

Replacing the BioGS HEPA Filter

Discard the old HEPA Filter, do not reuse.
1. Remove old HEPA Filter and discard.
2. Remove new filter from plastic wrapping.
3. Place new HEPA Filter in filter case.

Replacing the Customized Filter

Do NOT discard the filter holder. Discard the old Customized Filter, do not reuse.
1. Remove the old Customized Filter from the black frame and discard expired filter.
2. Take the new Customized Filter out of the plastic wrapping and place in the black frame.
3. Make sure the front of the Customized Filter is facing up. See Customized Filter chart, (page 11), to identify the front of your specific filter.

Replacing the Activated Carbon Filter

Discard the old Activated Carbon Filter, do not reuse.
1. Pull out the old Activated Carbon Filter and discard.
2. Remove the new Activated Carbon Filter from its plastic wrapping, and place in the filter case.

Return the filters to the filter case in the following order from back to front:
- Activated Carbon Filter,
- Customized Filter,
- BioGS HEPA Filter,
- Medium Filter,
- Pre-Filter.
(See diagram on page 9).

*Based on 24/7 operation

Always unplug the unit before cleaning/Replacing the filters. Depending on the amount of pollutants in your indoor environment, the life span of the filters will vary.

*Based on 24/7 operation
Wall-Mounting your MinusA2

(Optional)

Only use the approved Rabbit Air wall-mount kit to install the MinusA2 Air Purifier on your wall. The MinusA2 Air Purifier is designed to be either free standing or wall-mounted.

Wall-mount installation guidelines:
- Make sure the MinusA2 Air Purifier has at least two feet of clearance from the ceiling and eight inches of clearance on either side.
- Be careful not to drop the front panel or filter case when replacing the filters.
- Do not pull on the power cord.
- Make sure the hanger screws have been securely driven into studs.

Don't have a wall-mount kit? Want one? Order online at www.rabbitair.com or over the phone at 888.866.8862

Disclaimer for installing wall-mounted objects

Do not attempt to install this product if you do not understand the instructions. Contact a qualified contractor to install the mounting bracket and call 1-888-866-8862 if you have any questions. You risk the possibility of damaging the Air Purifier, damaging other property and personal injury if the mounting bracket is not installed properly. Check to make sure there are no missing or defective parts. Do not attempt to install the mounting bracket if there are missing or defective parts. Contact Rabbit Air and replacement parts will be shipped to you immediately. Rabbit Air is not liable for damage or injury caused by incorrect mounting, incorrect assembly or incorrect usage.
- After installing the wall-mount bracket, make sure it is firmly in place before putting the MinusA2 Air Purifier on it.
- Take care not to drill or screw into existing wiring in the wall while installing the wall-mount bracket.

Correct installation is extremely essential, and falls outside the scope of responsibility of Rabbit Air. Please consult a qualified contractor and/or specialist supplier to install the mounting bracket. Maximum weight of air purifier SPA-780A / SPA-700A: 8.8 kg/ 19.4 lbs.
Limited Warranty

Rabbit Air
Five (5) Year Limited Warranty
(For Rabbit Air Branded Products Only)

IMPORTANT: BY USING the BioGS 2.0 OR MinusA2 air purifiers (each, a “Rabbit Air Product”) YOU ARE AGREING TO BE BOUND BY THE TERMS OF THE RABBIT AIR FIVE (5) YEAR LIMITED WARRANTY (“WARRANTY”) AS SET OUT BELOW. AS NOTED IN THE “YOUR RESPONSIBILITIES” SECTION BELOW, RABBIT AIR RESERVES THE RIGHT NOT TO HONOR THIS WARRANTY IF IT HAS NOT BEEN REGISTERED WITHIN NINETY (90) DAYS OF YOUR PURCHASE OF THE RABBIT AIR PRODUCT. THIS WARRANTY APPLIES REGARDLESS OF WHETHER YOU PURCHASE A RABBIT AIR PRODUCT FROM A RABBIT AIR AUTHORIZED RESELLER OR DIRECTLY FROM RABBIT AIR.

DO NOT USE YOUR RABBIT AIR PRODUCT UNTIL YOU HAVE READ THE TERMS OF THE WARRANTY. IF YOU DO NOT AGREE TO THE TERMS OF THE WARRANTY, DO NOT USE THE RABBIT AIR PRODUCT AND RETURN IT WITHIN THE RETURN PERIOD STATED IN RABBIT AIR’S RETURN POLICY (FOUND AT https://www.rabbitair.com/pages/why-rabbit-air#money-back) TO RABBIT AIR OR TO THE AUTHORIZED RESELLER WHERE YOU PURCHASED IT FOR A REFUND. This limited warranty does not cover replacement filters, filter frames, filter cases, or wall mount brackets.

HOW CONSUMER LAW RELATES TO THIS WARRANTY

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE (OR BY COUNTRY OR PROVINCE). OTHER THAN AS PERMITTED BY LAW, RABBIT AIR DOES NOT EXCLUDE, LIMIT, OR SUSPEND OTHER RIGHTS YOU MAY HAVE, INCLUDING THOSE THAT MAY ARISE FROM THE NONCONFORMITY OF A SALES CONTRACT. FOR A FULL UNDERSTANDING OF YOUR RIGHTS YOU SHOULD CONSULT THE LAWS OF YOUR COUNTRY, PROVINCE, OR STATE.

WARRANTY LIMITATIONS SUBJECT TO CONSUMER LAW

TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND THE REMEDIES SET FORTH ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES, AND CONDITIONS, WHETHER ORAL, WRITTEN, STATUTORY, EXPRESS, OR IMPLIED. LIKewise, to the extent permitted by law, Rabbit Air disclaims all statutory and implied warranties, including without limitation warranties of merchantability and fitness for a particular purpose and warranties against hidden or latent defects. Insofar as such warranties cannot be disclaimed, Rabbit Air limits the duration and remedies of such warranties to the duration of this express warranty and, at Rabbit Air’s option, the repair or replacement services described below. Some states (or countries and provinces) do not allow limitations on how long an implied warranty (or condition) may last, so the limitation described above may not apply to you.

WHAT IS COVERED BY THIS WARRANTY?

Kinetic Solutions, Inc., d/b/a “Rabbit Air”, located at 125 N Raymond Ave, Suite 308, Pasadena, CA 91103 (“Rabbit Air”), warrants Rabbit Air Products contained in the original packaging against defects in materials and workmanship when used normally in accordance with Rabbit Air’s published guidelines for a period of FIVE (5) YEARS from the date of original retail purchase by the end-user purchaser ("Warranty Period"). Rabbit Air’s published guidelines include, but are not limited to, information contained in technical specifications, user manuals, and service communications.

WHAT IS NOT COVERED BY THIS WARRANTY?

This Warranty does not apply to any non-Rabbit Air branded hardware products, even if packaged or sold with Rabbit Air hardware. Manufacturers, suppliers, or publishers, other than Rabbit Air, may provide their own warranties to you. Please contact them for further information. Rabbit Air does not warrant that the operation of the Rabbit Air Product will be uninterrupted or error-free. Rabbit Air is not responsible for damage arising from failure to follow instructions relating to the Rabbit Air Product’s use. Additionally, this Warranty does not apply: (a) to replacement filters, filter frames, filter cases, or wall mount brackets; (b) to consumable parts, such as batteries or protective coatings, that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship; (c) to cosmetic damage, including, but not limited to, scratches, dents, and broken plastic, unless such damage has occurred due to a defect in materials or workmanship; (d) to damage caused by use with a third party component or product, including without limitation any replacement air filters not manufactured by Rabbit Air; (e) to damage caused by breakdowns, fluctuations, or interruptions in electric power or by connection to improper power supply; (f) to damage caused by accident, abuse, misuse, fire, liquid contact, earthquake, or other external force; (g) to damage caused by operating the Rabbit Air Product outside Rabbit Air’s published guidelines; (h) to damage caused by service performed by anyone who is not a representative of Rabbit Air; (i) to a Rabbit Air Product that has been modified to alter functionality or capability without the written permission of Rabbit Air; (j) to defects caused by normal wear and tear or otherwise due to the normal aging of the Rabbit Air Product; (k) to Rabbit Air Products marked as “sample” or sold “as is”; (l) if any serial number has been removed or defaced from the Rabbit Air Product; or (m) if Rabbit Air receives information from relevant public authorities that a Rabbit Air Product has been stolen.

YOUR RESPONSIBILITIES

Rabbit Air tries to honor this warranty in all cases where it has information regarding your purchase; however, Rabbit Air reserves the right not to honor this warranty if it has not been registered within ninety (90) days of your purchase of the Rabbit Air Product. Accordingly, we encourage you to complete the warranty registration form online at www.rabbitair.com/warranty. This warranty extends only to the original purchasers who acquire new products from Rabbit Air or its authorized resellers, or to anyone who receives a Rabbit Air Product as a gift, provided we are able to verify who made the purchase. Before receiving warranty service, Rabbit Air or its agents may require that you furnish proof of purchase details, respond to questions designed to assist with diagnosing potential issues, and follow Rabbit Air’s procedures for obtaining warranty service.

WARRANTY SERVICE DURING THE FIRST 90 DAYS

To submit a claim under this warranty, please contact Rabbit Air at 1-888-866-8862 or by e-mail at CustomerService@rabbitair.com. When contacting Rabbit Air via telephone, other charges may apply depending on your location.

If you submit a valid claim to Rabbit Air in accordance with this warranty within ninety (90) days of your purchase of a Rabbit Air Product, Rabbit Air will replace the Rabbit Air Product with the same model (or with your consent a Rabbit Air Product that has similar functionality). For warranty claims within the first ninety (90) days, Rabbit Air offers free shipping both ways within the forty-eight (48) contiguous United States, and free shipping one way to Canada, Hawaii, Alaska, Puerto Rico, Guam, the Virgin Islands, and APO, FPO or DPO addresses (you pay for shipping to Rabbit Air, and we pay for shipping the replacement back to you).

This Warranty gives you specific legal rights, and you may have other rights that vary from state to state (or by country or province). Other than as permitted by law, Rabbit Air does not exclude, limit, or suspend other rights you may have, including those that may arise from the nonconformity of a sales contract. For a full understanding of your rights you should consult the laws of your country, province, or state.
WARRANTY SERVICE AFTER THE FIRST 90 DAYS
If you submit a valid claim to Rabbit Air in accordance with this warranty after ninety (90) days, but during the Warranty Period, Rabbit Air’s obligation and liability under this limited warranty is limited to repairing (or, at the sole discretion of Rabbit Air, replacing) the Rabbit Air Product, if in need of repair or deemed defective. When a Rabbit Air Product or part is replaced, any replacement item becomes your property and the replaced or refunded item becomes Rabbit Air’s property.

To obtain service under this warranty, please contact Rabbit Air at the phone number or e-mail listed above. A Rabbit Air representative will help determine whether your Rabbit Air Product requires service or needs replacing and, if it does, will inform you how Rabbit Air will provide such service or replacement. In such cases, Rabbit Air may, at its sole discretion, offer free shipping both ways within the forty-eight (48) contiguous United States, or free shipping one way to Canada, Hawaii, and Alaska (you pay for shipping to Rabbit Air, and we pay for shipping the repaired or replaced product back to you).

Please note that any repairs attempted or completed without Rabbit Air authorization will void this warranty.

Rabbit Air reserves the right to change the method by which Rabbit Air may provide warranty service to you, and your Rabbit Air Product’s eligibility to receive a particular method of service. Service will be limited to the options available in the country where service is requested. Service options, parts availability, and response times may vary according to country. If you seek service in a country that is not the original country of purchase, you will comply with all applicable import and export laws and regulations and be responsible for all custom duties, V.A.T. and other associated taxes and charges.

LIMITATION OF LIABILITY
EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, RABBIT AIR IS NOT RESPONSIBLE FOR INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF ANY RABBIT AIR PRODUCT OR ANY BREACH OF WARRANTY OR CONDITION, UNDER ANY LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF ACTUAL OR ANTICIPATED PROFITS (INCLUDING LOSS OF PROFITS ON CONTRACTS); LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF BUSINESS; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; OR LOSS OF REPUTATION.

THE FOREGOING LIMITATION SHALL NOT APPLY TO DEATH OR PERSONAL INJURY CLAIMS, OR ANY STATUTORY LIABILITY FOR INTENTIONAL AND GROSS NEGLIGENT ACTS AND/OR OMISSIONS.

SOME STATES (COUNTRIES AND PROVINCES) DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

GENERAL
No Rabbit Air reseller, agent, or employee is authorized to make any modification, extension, or addition to this Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired. This Warranty is governed by and construed under the laws of the State of California, and you hereby consent to the exclusive jurisdiction of the state courts in Los Angeles County, California. Rabbit Air or its successor in title is the warrantor under this Warranty. Any future claims regarding your Rabbit Air Product are governed by this Warranty. However, Rabbit Air reserves the right, as a general matter, to change its warranty policies. If you make any future purchases of Rabbit Air Products, those products may be governed by different warranty policies.

ADDITIONAL INFORMATION
Visit www.rabbitair.com to learn more, or speak with a Rabbit Air Consultant at 1-888-866-8862, 24 hours a day.
