Automatic Multi-Feed
Soap Dispensing System

Design a modern restroom for **high traffic, hygienic** handwashing.

DESIGN **HYGIENIC** **LABOR SAVINGS** **SOAP SAVINGS**

BOBRICK

BUILDING VALUE SINCE 1906

Designed for high traffic facilities, the top-fill large capacity soap reservoir feeds up to six soap dispensers.

LABOR SAVINGS

Eliminates frequent refilling of single dispensers, reducing maintenance time and cost.

SOAP SAVINGS

Uses bulk soap for significant cost savings of 80% or more over proprietary cartridges.

HYGIENIC

Touch free sensor reduces cross-contamination risk to patron.

Fill Port Indicators

LED indicator on the fill port lets maintenance staff know when service is needed.

Blinks green when soap level is below 25-30%.

Stops blinking green and warning alarm sounds to signal to stop filling.

If using the optional battery pack, blinks red when batteries are low.

Dispenser   Reservoir

Select a Foam or Liquid Soap System

The multi-feed system includes a 1.6 gal (6 L) capacity reservoir that feeds up to six automatic soap dispensers.

Select the reservoir, then select either foam or liquid soap.
