

# CARE INFO

so you can enjoy your  
new coaster for years  
to come

Cleaning- They can be wiped off with a damp rag and left to dry, don't stack them if they are still wet. If crumbs or spills get into the pockets you can use a toothbrush to scrub them. Do not dunk them in water or put them in the dishwasher. They can resist water but try not to let water sit on them for hours on end.

Use- Best used for your favorite drink while spending time with friends or alone with a good book.

Can you use these with your favorite cup of tea or coffee? Yes, definitely but if you want some drink ideas that are as fun and colourful as your new coasters flip this page over.
