

# Step By Step Makeup Guide

## STEP 1: PRIMER

Apply a small amount of Primer to the face using your fingers or a brush.

## STEP 2: LIQUID FOUNDATION

Apply your liquid foundation to your face starting in the middle of your face and working outwards. Apply additional coverage to areas you desire.

## STEP 3: CONCEALER

Apply concealer to areas you are wanting additional coverage such as blemishes, and to your under eyes and between your brows to give a brightening effect.

## STEP 4: POWDER FOUNDATION

Apply your powder foundation using a dense brush like the Kabuki Brush. Ensure you use pressing motions. If you swirl, you may move the products underneath.

## STEP 5: SETTING POWDER

Set your base using the Pressed or Loose HD Setting Powder. Ensure you use pressing motions and a dense brush.

## STEP 6: BRONZER/BLUSH/HIGHLIGHTER

Apply your bronzer to your cheekbones, forehead and jaw line to add warmth to your base. Apply blush and highlight to the apples of the cheeks and nose area.
