OUR HISTORY

The Parrot is a family-owned business, located in downtown Helena since 1922. It has gained a worldwide reputation for quality, hand-dipped chocolates made from fresh, natural ingredients and utilizing up to ten tons of chocolate per year.

The Parrot produces a selection of 130 different types of candy, using recipes devised by its original owners. Favorites include a turtle-like confection called a Parrot, chocolate-covered caramels, almond butter toffee and other delectable creams, nuts and chews.
