About MJB

Makeup Junkie Bags, a women-owned company headquartered in Texas, proudly manufactures all its products in the greater Houston area within a private warehouse. Founded in October 2016 by CEO Meredith Jurica, the company gained significant exposure after being featured on Shark Tank in January 2019.

Distinguished by our patented design, Makeup Junkie Bags introduces the first-ever flat-packing travel bag with a unique medial line zipper. This innovative design allows the bags to gape open, providing a clear view of the products inside without the risk of spills. Ideal for all your travel needs, our bags cater to both men and women with a variety of prints to suit everyone.

In addition to our diverse range, we offer fabric exclusivity, providing retailers with prints exclusive to their stores. The combination of our patented design and the ability to create custom bags has cultivated a devoted customer base and following.

Emphasizing our commitment to quality, all Makeup Junkie Bag products come with a lifetime warranty, handmade by our master seamstress staff. We have expanded our line and now offer a multitude of handmade products and accessories.

MJ Bags

The OG bag that kickstarted our brand, our layflat toiletry bag features a one-of-a-kind patented design. The midline zipper allows the bag to open wide, preventing any spills, and each bag is lined with a designer wipeable liner for easy cleaning in case of accidents. Additionally, each bag includes a lobster claw tassel attachment for added flair.

Available in five sizes — Micro, Mini, Small, Medium, and Large — the MJ Bag is incredibly versatile. The Micro (3" x 5") is perfect for credit cards, cash, jewelry, and more. The Mini (4" x 7") can carry Q-Tips, lip gloss, eyeglasses, and other essentials. The Small (7" x 9") is ideal for face cream, travel-size toiletries, and can even be used as a hands-free clutch with the optional wristlet. The Medium (8" x 11.5") accommodates eyeshadow palettes, pro brushes, and various cosmetics, while the Large (9.5" x 13") is designed to hold larger items like full-size shampoo, conditioner, and even a change of clothes.

This bag maximizes space efficiency with its flat packing design, ensuring a high capacity without occupying much room in your luggage. With endless possibilities and a lifetime warranty, the MJ Bag is the perfect companion for any occasion!
