

# CINTENNA 2®/SATELLITE® KIT

Our Cintenna 2® Satellite® kit allows you to choose whether you want to transmit from your new Satellite® (shown here) or you can pull out the perforated foam to fit your AKS!

Data hungry fixtures, and the need to go wireless to the light, has changed our workflow and this kit is a great way to start managing that.

## CINTENNA 2®/SATELLITE® KIT\*
