

a quilt pattern by Cristina De Miranda

PETALETTE TEMPLATE

Print (1) copy of the petalette template. A seam allowance has not been added to the template. Add a seam allowance for needle-turn appliqué. The *PinkBomb 88* quilt pattern uses 16 petalettes and 16 petalettes-R (reversed). Confirm the 1" x 1" test square.

HOW TO FUSIBLE RAW-EDGE APPLQUÉ

1. Trace 16 petalettes and 16 petalettes-R onto the smooth side of your fusible web. Roughly cut out each template with a $\frac{1}{8}$ " border.
2. With the glue side down, apply the fusible web to the back of your fabric as per the manufacturer's directions.
3. Once cooled, cut along the drawn line.
4. Confirm the placement of the template(s) on your quilt top. Peel the backing off the fusible web. Carefully iron in place as per the manufacturer's directions.
5. Secure each template to your quilt block by using your preferred appliqué stitch in a matching thread.
