

PRODUCT SPECIFICATIONS

LASH-IT™ And ZING-IT™

Zing-It! offers extremely high strength while Samthane urethane coating provides excellent abrasion resistance and an easy gliding surface. The exceptionally low stretch allows for control, and Zing-It! is conveniently packaged to achieve higher throws with lighter weight.

FEATURES AND BENEFITS:

- > Abrasion resistant
- > High strength-to-weight ratio
- > Lightweight
- > Low friction, slides well
- > Low stretch
- > Samthane coated

APPLICATIONS INCLUDE:

- > Accessory or Rope Tool

PRODUCT CODE: 811

FIBER: HMPE

SPECIFIC GRAVITY: 0.98

SPLICE/CLASS: Unspliced

ELASTIC ELONGATION:

At percent of break strength

10%	0.40%
20%	0.81%
30%	1.20%

DIAM. (INCH)	AVG. STRENGTH (LBS)
1/16	500
1/16	500

Specifications are for unspliced strengths.
