

R.T.S. Storage Bag

“It’s ALL in the bag.”

Ice Rescue Systems R.T.S. storage bag is a multipurpose, multi-feature storage system. This storage bag is specifically designed to not only provide protective storage for the **R.T.S.**, but to give the rescuer a convenient dressing station as well. The inside pocket is strategically located and

will hold items such as dressing bags, wax sticks, ice awls and ice screws. The bottom of the bag is reinforced with heavy duty vinyl material. Lastly, the **Rapid Transport Sled** will serve as handles through specific openings placed in the R.T.S. storage bag. Yes, we said it, “It’s ALL in the bag.”

FEATURES:

- + Rapid deployment dressing station
- + Thick abrasion resistant bottom skin
- + Strong 1000 denier top fabric
- + Pocket strategically placed inside
- + **R.T.S.** will serve as the handle
- + Adjustable hook and loop closure
- + Custom made with room for a specifically engineered 150’ tetherline bag that may be attached to **R.T.S.** for rescue ready rapid deployment.

BENEFITS:

- + Protects your Ice Rescue Systems - **Rapid Transport Sled**
- + No additional tarps required
- + Stays with the **Rapid Transport Sled**
- + Pocket for storage
- + Cost effective
- + “ALL IN ONE” system
