

REOPENING RESTAURANTS & FOOD OUTLETS

Prepare your restaurants and food outlets by putting safety practices in place, to ensure a well sanitised post-lockdown dining experience for your customers.

ECO-LYTE (NTL) is the SOLUTION!

This fast-acting, non-toxic disinfectant kills all known bacteria and viruses on contact.

- Highly effective disinfectant
- 100% safe for humans & our planet
- Inexpensive and versatile

One disinfectant does it all!

Disinfect tables, booths, counters, floors, walls & doors. Wipe down condiment dispensers & menus.

Sanitise & reduce odours in bathrooms, kitchens, walk-in fridges & all public spaces.

Wash fresh produce to remove pesticides, bacteria & extend shelf life. No rinsing necessary.

Mist or fog seating areas, bars, lounges & kitchens even when humans are present.

Use as an alcohol-free, powerful hand sanitiser for staff & customers. Even kids hands!

Sterilise dustbins & waste areas. Soak work tools and cutting boards.

Ideal for use in MISTING tunnels. 100% safe for humans.

100% Safe and eco-friendly

Eco-Lyte (NTL) is a tasteless, colourless transparent biocidal liquid with a neutral pH. It replaces toxic chemicals with a chemical free biodegradable disinfectant.

Eco-Lyte (NTL) is NRCS Certified & SABS tested.

It's cost effective too!

Eco-Lyte (NTL) is inexpensive and we provide you with the option of purchasing in the following volumes: 1L, 5L, 25L.

We can also supply all the equipment you may require to apply Eco-Lyte (NTL).
