- Flat sheets fit both standard and extra length beds.
- Labels for laundry marking purposes: ± R5 each. Sewn in next to Linen Drawer Label.
- Standard opening style for duvet covers & pillow protectors = press studs.
- Envelope style can be custom made at a small additional cost.
- All bedlinen and pillowcases are sold as single items.
- Standard and customised embroidery service offered. Please request catalogue.
- 2 and 3 row satin stitching available on request.
- Products can be **customised** in terms of size, styling, embroidery and labelling.
- All products subject to availability · Prices are subject to change without prior notice.

Linen Drawer products are tested to ensure **optimal durability** to withstand the frequent laundering and exposure in the hospitality industry.

The **tensile strength tests** show that the fabrics they use have between **29% and 71% more longevity** than the average results of competitor products tested.

These results are achieved through cotton fibre selection, yarn manufacturing, fabric construction and processing. Thread count is not an indication of quality and durability.
