

Identification Tags

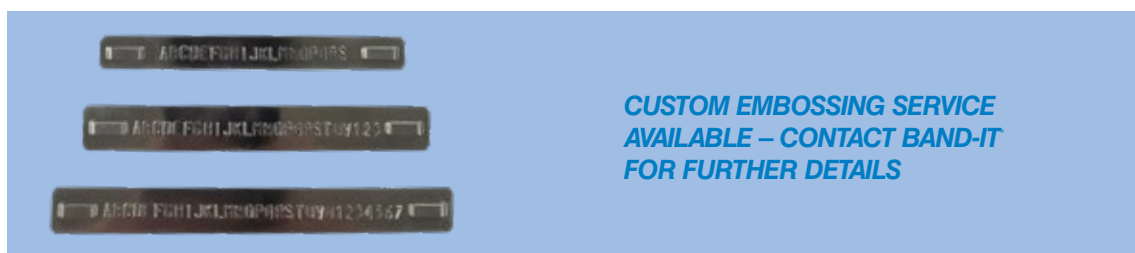

A range of identification tags manufactured from corrosion resistant 316 grade stainless steel. All BAND-IT® products are de-burred to eliminate sharp edges and damage to cables, hoses, etc.

Print your own tags on 316 stainless steel and apply with Tie-Lok® or Ball-Lok Ties.

Typical applications are cable & hose/ pipe identification across many industries, including Oil & Gas, Shipbuilding, Chemical Refineries, Power Generation, etc...

- Multiple tag sizes available
- 316 grade stainless steel
- Supplied blank for customers to engrave/imprint

CUSTOM EMBOSSED SERVICE AVAILABLE – CONTACT BAND-IT FOR FURTHER DETAILS

UXE Ball-Lok ties

UXE Ball-Lok ties are quick and easy to apply, offering an economical and versatile option for light duty cable management and ID Tag attachment. UXE Ball-Lok ties offer excellent corrosive, abrasive, fire and UV resistance, making them perfect for harsh environments.

- Self locking design allows fast installation
- Install with BAND-IT® K502 or KE922 tools to ensure uniform tension and clean tail cut-off for safe handling
- Available in Type 304 and Type 316 stainless steels to provide good to excellent corrosion resistance in a wide variety of environments
