The Pan shower or bath mixer is Zucchetti's interpretation of the basic cylinder type mixer tapware. Pan begins with classic archetypes and goes on to develop completely original aesthetics and new types of taps. Designers Roberto and Ludovica Palomba have concentrated their attention on the joint between the vertical and horizontal elements. As in nature there are no cuts and weldings, so that the spout and handle have a soft connection to the body, like the branch to the trunk of a tree.

The Pan shower or bath mixer can be used in conjunction with a shower or bath outlet. Featuring a flawlessly polished forged brass wall plate 120mm diameter.
