V-N 5 ml per gallon, FCB 2-4 ml per gallon, FPT 2-4 ml per gallon											

NOTES:

Apply 3-5 Grams or 1 tsp per garden pot depending on water usage and soil (pot) volume.

Organics Alive Granular is slow release fertilizer. SRF. It needs moisture to release. Please make sure if it is top dressed, that moisture can reach it.

FCB Foliar Stress Manager is a Foliar application only. Does not harm Soil but is non-active in soil

You may need Calmag

Applying Granular in Coco applications is highly recommended
