Tomorrow Most Likely

ACTIVITY KIT
MAKE YOUR OWN NIGHT LIGHTS

Brighten up bedtime by reading *Tomorrow Most Likely* with these DIY night lights! Find a caregiver to help you with the steps below.

**WHAT YOU’LL NEED:**

- Paper Shades
- Paper Cups
- Tape
- Scissors
- LED Fairy Lights

**STEP 1:**

Wrap a paper shade around a paper cup and secure with a piece of tape. Repeat to cover each paper cup with a paper shade.

**STEP 2:**

Flip the paper cup upside down and make an X in the middle of the bottom of the cup with a pencil. Then, using scissors, push a small hole through the X. The hole should be big enough for the LED light to slide through but not so big that it falls out. Repeat with all paper cups.

**STEP 3:**

Push the LED lights into each hole and secure with sticky tape.

**STEP 4:**

Hang the lights in your room for a cozy storytime!
The best part of bedtime is the promise of tomorrow. Get excited for what’s to come with these writing prompts.

**Writing Time**

Tomorrow Most Likely

will be a great day because
