Floating Toolbar
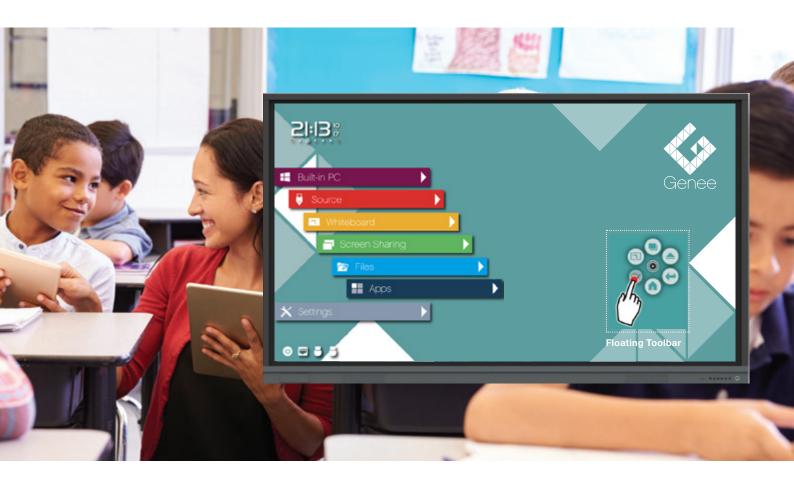

New Features & Benefits

▸ **Floating Toolbar**

Available on the screen at all times without a gesture needed. Use over any source that you choose.

▸ **New Interface**

New, dynamic, clean, powerful and easy to use Genee interface; 65˝, 75˝, 86˝ 4K panels.

▸ **Multi-Touch**

The new screen now has an increased 20 point IR touch rather than it's predecessor of 10 point IR touch.

▸ **Appearance**

Thinner bezel with a far sleeker appearance whilst still maintaining the functionality of the front facing speakers. The thinner bezel also facilitates the touch to be more sensitive.

▸ **Wireless Display Mirroring**

Google Cast (no app to install from Windows and Android), Apple Play (no app to install from Apple).

MirrorOp (app to install on all devices).

▸ **New Ports and Accessibility**

Public USB - On screen USB ports work for the active source, no matter what it is.

HDMI CEC - Compatible devices to control screen functions like power and volume. E.g. a soundbar and 4K video output.

▸ **Software**

The new screen will be provided with Spark II, Genee App store and a free trial for Project Flow, office suite, file explorer and email client included.

▸ **Blue Light Filter**

A blue light filter is built into the screen to help the viewers and presenters eyes.

▸ **Genee Pawtals**

Pre-installed with all 4K PLUS screens. Android multi-touch web browser, multiple users can open and use web browsers at the time. Only available on Android.
