

# bring your presentations to life

## Genee Vision 150SD Visualiser

With Genee Visualisers you can make an impression, backing up your presentation by showing your content and all of its details to create an engaging demonstration to your audience. Utilise the Visualiser's features to compare work, analyse content and record your presentations for reviewing and much more!

# GV150SD

VSR020020

Use SPARK's lesson tools to demonstrate and interact with students in real-time; you can create lessons that are infinitely more engaging. All Genee Visualisers combined with TOOLBAR can easily integrate with Genee's own SPARK software.

### KEY USES FOR VISUALISERS

Students work can be brought into lessons for peer led assessment, show and tell and discussion through collaboration.

#### SIMPLE CONNECTIVITY

Setting up your Genee Visualiser couldn't be simpler; plug into a power source, connect the USB cable to your computer/screen, launch the software and you're ready to start your presentation.

#### SEAMLESS INTEGRATION

A Genee visualiser seamlessly integrates with your touchscreen or video conferencing system. Presentations become much more flexible and dynamic.

#### POWERFUL ZOOM

Combining the Genee Visualiser with our software, you can enlarge source materials, pictures and 3D objects without having to force your audience to move for a better view.

#### STUDENT ASSESSMENT

You've executed your presentation and you've handed out a copy of your slides, but what about the content you demonstrated? Not to worry, Genee Visualisers can capture still images and video, the complete summation of your presentation can be used to play back for students to review.

Discover more about our range of visualisers, interactive touchscreens, audience response systems and software.
