

# Quick Quote Guide

**New Quick Quote feature is available to all logged in customers using our preferred online ordering platform.**

To access the quick quote feature, follow the steps below. You will now be able to create instant quotes directly from the QureMed website, rename quote, save quotes, and download PDF copies. Please note our high value and high specification products like ALS Defibrillators will still need to be quoted separately due to the complexity of the products. These products will have the button "Add to Quote" and will be emailed through to our QM team.

**Step 1. Log into your QureMed account by visiting [www.quiremed.com](http://www.quiremed.com) and clicking the "my account" icon & sign in.**
