

BA-5590 Battery to Laptop Computer Adapter

Tactical Support Equipment Inc. offers several laptop computer battery adapters for the commonly used military BA-5590 batteries, as well as for the BA-5390, BB-2590, UBI-2590 and all variations of those batteries.

There are no heat sinks to waste battery power and the rugged one-piece units are specifically designed to use military field batteries.

TSE Inc. can manufacture custom versions for most laptops with the correct voltage output to safely recharge internal laptop batteries.

The adapters fit all *ToughBook* models to include the CF-18, CF-19, CF-34, CF-73 and CF-74; MacBook and MacBook Pro with magnetized power inputs; General Dynamics GoBook. **Please contact us if you don't see the model of computer you own. We can adapt to many other computers not listed.** The weather-resistant adapters are lightweight, durable and encased in high impact, wear-resistant Delrin with an attached power cord.
