Man-Portable Satcom Antenna

The **Man-Portable Satcom Antenna** is a lightweight, high-gain, helical antenna that is equally at home in a base station or out on patrol. With nothing to assemble, this antenna can be erected in less than two minutes. Simply unfold, extend the legs, extend the director and tighten a single clamp. It is really that simple.

PART #: TSE-ANT-MPSA

Specifications

Frequency Range	240-400 MHz
VSWR	1.5:1 Max
Polarization	Right Hand Circular
Gain	+11 dBiC
Power Handling	200 Watts CW
Impedance	50 Ohms
Weight	5.5 lbs
Length	20" (Collapsed), 43.5" (Deployed)
Connector	BNC Male
