

BATTERY TUBES

Tactical Support Equipment Inc. (TSE Inc.) recognized a need for rugged, high capacitance, small form factor battery tubes for surveillance and reconnaissance operations.

The **TSE-CR123** battery tubes are available in 6 and 12 volt versions. Their compact size and cylindrical form factor make them easy to conceal. The battery tubes are weather resistant and incorporate TSE Inc.'s standard 2-pin positive lock power connector to ensure compatibility with all TSE Inc. equipment.

The tubes can be used to power a variety of electronic surveillance equipment ranging from board cameras and recording devices to video transmitters.

Part #: TSE-CR123-4 (12-Volt)

Part #: TSE-CR123-2 (6-Volt)

Specifications	
Batteries *(Not provided)	CR-123 (2ea for 6-Volt and 4ea for 12-Volt configurations)
Output Voltage	6-Volt and 12-Volt
Dimensions	6-Volt (4.5"L x 0.875"Diameter) 12-Volt (7.0"L x 0.875"Diameter)
Weight	6-Volt (2 oz without batteries & 3.25 oz with 2ea CR-123 batteries) 12-Volt (2.88 oz without batteries & 5.38 oz with 4ea CR-123 batteries)

Available on GSA Schedule GS-03F-0035S
