

K9 Vest Tactical DTA

The **K9 Vest Tactical DTA** is your K9's tactical "second skin". This state of the art, modular vest is comprised of 1,000 denier, hydrophobic Squadron© laminate. The silhouette of the vest has been laser cut providing optimal air-flow throughout the vest while eliminating weight wherever possible.

What makes this vest truly unique and one of the most modular and versatile vests available is the ability to quickly don a ballistic coverlet in seconds. Utilizing strategically placed rare-earth magnets, aligning and applying ballistics is a snap. Choose from varying NIJ threat levels to best suit your needs and requirements.

Features:

- 1,000 denier Hydrophobic Squadron© Laminate Exterior
- Ergonomic, articulating spinal pad to create air flow & keep payload off dog's back
- Laser cut to provide maximum air-flow & weight reduction
- Stowable center luggage handle
- Integrated camera mount cut seamlessly into body of vest
- Modular design allows for the addition of ballistic or floatation coverlets that apply in seconds
- **Full Kit includes:** Messenger Sling, Swiss Seat, & .5" & 1" expansion panels
- Made in the USA, Berry Compliant
- Jump rated
