

BACKPACK KIT

The **Backpack Recon Kit** from Tactical Support Equipment Inc. has long been a staple of the reconnaissance community and is constantly being upgraded and improved. The kit series range from **100 to 600**. This wide kit range gives an operator the ability to custom configure your backpack kit based on your mission requirements.

The new version offers major improvements such as:

- Larger, more powerful optics
- Rugged and waterproof camera w/GPS
- Camera adapter w/minimal vignetting
- Simplified Rail w/quick-release dovetail mount
- Universal 5590 to USB adapter
- Carbon fiber tripod w/fluid dampened head
- Purpose-built Gen III night vision scope w/integrated camera adapter

TSE offers New Equipment Training (NET) at the National Reconnaissance Battle Lab in Fayetteville, NC at no cost to the government for new equipment purchases.
