Mini Quick Deploy Mast

The Mini Quick Deploy Mast is a 8ft (2.4 meter) to 18 ft (5.4 meter) tactical lightweight composite sectional mast designed to be carried and deployed by a single person. The mast can be erected in a matter of minutes and can support lightweight antennas and sensors.

- Weighs less than a comparable Rollup Mast.
- Can be setup up in 3 minutes.
- 9 lightweight composite sections, 24 in (0.6m) long. Tube outside diameter is 1.3 in (33mm).
- Single level, three way guy wires.
- Packs down into a single, easy to carry case.
- Quickly and easily deployed by a single person.
- Maintenance free due to its composite glass fiber construction.
- Highly resistant to corrosion. Suitable for marine or coastal environment.
