# Radio Shock Mount for 117G

The TSE-RM-3 Radio Shock Mount allows for fast and easy installations of 117G Radio and it's attached power supplies and power adapters.

The TSE-RM-3 Radio Shock Mount can be used in vehicle, aircraft and permanent shelter installations.

Transceivers with attached power supplies mount directly on the TSE-RM-3 with one heavy-duty thumbscrew in the front and mount adapter in the rear to ensure a secure fit. Tools are not required to install radios, and the TSE-RM-3 Radio Shock Mount is well suited for emergency egress operations from vehicles or static locations.

The TSE-RM-3 Radio Shock Mount's four heavy-duty shock/vibration isolators protect equipment from severe jolts and vibration.

\*(Radio & Power Supply Not Included)

**Part #: TSE-RM-3**

## Features

- Protects equipment from shock & vibration
- No tools required to install equipment
- Allows for emergency egress
- Integrated Ground and Bonding Points
- Adaptable to Vehicles, Boats, Aircraft or Static Locations
- Easy installation of Transceivers and Attached Power Supplies or Power Adapters
- 3-Year Limited Warranty
- Integrated Locking Cable to Secure Equipment
