kyoto outdoor collection — technical specs.

Our Kyoto Collection of outdoor bean bags throws back to the more traditional bean bag form with a stylish, modern edge. These are complemented perfectly with our range of outdoor footstools and ottomans, plus a mini version for children under seven years old. Made using world-renowned Sunbrella® marine fabrics and waterproof inner liners, these versatile outdoor bean bags have been built to endure the harshest of outdoor environments — hot, cold, sun, rain, mildew and corrosive salt air — whilst continuing to look great year after year.
