RT CONDUIT MOUNT

A Self-flashing Conduit Mount Featuring Roof Tech's AlphaSeal®

Roof Tech Technical Advantages

Structural

- Fastened with wood screws directly to the roof sheathing or rafters
- No need for pilot holes or pre caulking
- No damage caused by splitting rafters, pilot holes, or decreased structural capacity when compared to the traditional lag connection once the lag is removed (re-roofed)

Advantages of Flexible Flashing

RT Alpha Seal® : Resilient, Reliable, Resistant.

- A synthetic rubber: copolymer of isobutylene with isoprene
- Impermeable to moisture
- Superior flexibility
- RT- AlphaSeal® flashing has a 25yr. warranty.
- Resilient to temps from -40°F to 248°F
- Application amb. temp. 22°F to 176°F dry surface
- Resistant to mildew, acids, alkalis & salts
- ICC-ESR3575 Flexible Flashing Compliance
