Roll Weight:	250 lbs.
Class 1 Zinc Coating (14 Ga.):	0.25 oz/ft ² Minimum
Class 1 Zinc Coating (12.5 Ga.):	0.28 oz/ft ² Minimum

Keepsafe® equestrian fence has a durable and protective diamond weave featuring heavy, twisted horizontal cables, each cable consisting of two wires on 4" spacing from ground to top. Vertical wires, securely wrapped around each horizontal cable, run diagonally to make a diamond pattern, forming the strongest fence construction available today. Made from steel that is melted, rolled, drawn, galvanized and fabricated by Keystone Steel & Wire, Peoria, IL.
