EVERTHINE ✦ JEWELRY

Ring Sizing Guide

If you're not able to stop by your local jeweler to be sized, you can purchase a ring sizer from **everthinejewelry.com** or use this guide to measure an existing ring.

Step 1: Confirm Scale of Printed Paper

1 inch

LIBERTY

Before you print, make sure that **Page Scaling** is set to **"None"** in your print dialog options.

Measure the bar to the left–it must be **exactly** 1 inch.

Or place a U.S. quarter over the image here–it should fit **exactly** over the image without hanging over any edges or showing any of the image beneath it.
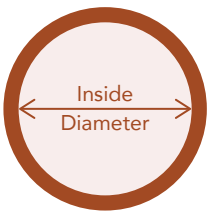

Measuring Tips

Wider Bands
If you're ordering a ring with a wider band than the one you are measuring, you may want to order a half size larger.

Between two sizes?
If your ring is between two sizes, order the larger size!

Step 2: Measure an Existing Ring

Inside Diameter

Choose a ring with the desired fit. A plain, narrow band works best since wider bands can fit slightly small.

Place it over the circles below, matching the **inside edge of your ring** to the circle closest in size. This is the inside diameter of your ring.!

Ring Sizes

size 3	size 3.5	size 4	size 4.5	size 5	size 5.5	size 6	size 6.5
14.1 mm	14.5 mm	14.9 mm	15.3 mm	15.7 mm	16.1 mm	16.5 mm	16.9 mm

size 7	size 7.5	size 8	size 8.5	size 9	size 9.5	size 10
17.3 mm	17.7 mm	18.1 mm	18.5 mm	19 mm	19.4 mm	19.8 mm

size 10.5	size 11	size 11.5	size 12	size 12.5	size 13	size 13.5
20.2 mm	20.6 mm	21 mm	21.4 mm	21.8 mm	22.2 mm	22.6 mm

We can't guarantee that sizing your ring using this paper guide will be accurate. It's best to be sized by a local jeweler.
