## Calibrated and Certified

### Securely Fasten Plates During Training Sessions

Eleiko Olympic Weightlifting Training Collars are carefully calibrated and IWF certified for training. They feature an attractive chromed metal finish, while distinctive subtle ridges on the surface ensure a secure grip when handling. The collars are easy to operate, simply turn screw fastener to tighten and keep discs in place. A protective inner liner is gentle on equipment and a smart rubber inset prevents collars from "locking up." The collars are designed for training purposes only and change plates must be loaded **INSIDE** the collars along with the discs.
